FICTIONAL CV - Candidate 3

FACILITIES CONTRACT COORDINATOR

North Valley Hospital Group | 2018-2026

Managed cleaning, maintenance, and HVAC service vendors across four sites. Requested bids, compared supplier quotations, tracked service levels and corrective actions, and coordinated contract renewals. Escalated pricing proposals to the procurement team.

The procurement team negotiated final prices and approved commercial terms; I did not own supplier negotiations or contract sign-off. No semiconductor or outsourced assembly experience is listed.
